Chair: Anna Cole, Save Our Schools Parent & ASCL Parliamentary and Inclusion Specialist

Schools are suffering huge real-terms cuts to their budgets now and this will rise to £3 billion each year by 2020.

This means...

- bigger classes
- fewer teachers and fewer support staff
- narrower curriculum, with music and arts likely to be the biggest casualties
- fewer extra-curricular activities, like trips and clubs

Organised by Save Our Schools (SOS) Brighton and Hove, we are:

- local parents working with headteachers, governors and teachers to campaign against the funding cuts to schools
- demanding from all political parties a pledge to properly fund education

Space is limited. Book now <https://www.eventbrite.co.uk/e/brighton-and-hove-education-hustings-tickets-34693781033>
